PROFILE SUMMARY

MERN Stack Developer with experience in developing responsive web applications using MongoDB, Express.js, React.js, and Node.js. Proficient in building RESTful APIs, integrating third-party libraries, and implementing authentication systems. Skilled in JavaScript, HTML, CSS, Python, and version control (Git). Strong problem-solving abilities and committed to writing clean, maintainable, and scalable code. Seeking opportunities to contribute as a full-stack web developer in a dynamic, growth-focused environment.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript

Fronted Technologies: HTML, CSS, React.js, Bootstrap

Backend Technologies: Node.js, Express.js, Restful- API

Data Base: MongoDB, Mongoose

Other Technologies: GitHub, ReplitAI, Codepen, Responsive Design, Postman

PROJECTS

Hunter-Hub [Link](#) |

Jun 2025

- Built a full-stack web application for browsing dishes and restaurant menus.
- Developed a user-friendly frontend to showcase Dish and it information
- Implemented navigation to view all menu items of a selected hotel on a separate detail page.
- Created an admin dashboard to Add and manage food items and hotel name.
- Connected backend to MongoDB for structured data storage using Mongoose.

OTT Streaming Platform [Link](#) |

Feb 2025

- Developed a responsive OTT platform that allows users to browse and stream movies and TV shows.
- Fetched real-time movie and TV show data from the TMDb API.
- Integrated user authentication using Firebase for secure access.
- Utilized React.js for building an interactive and dynamic user interface.
- Implemented Firebase Authentication for secure login and signup using email/password.

TrendiCart [Link](#) |

Apr 2025

- Developed a fully responsive e-commerce website for dress shopping using React.js.
- Enabled product detail view with description, image, and pricing on individual pages.
- Applied React Router for smooth navigation across different views and product pages.
- Created a structured navigation bar with separate sections for Menswear, Womenswear, and Kidswear.
- Displayed dynamic product listings with images, pricing, and categories.
- Deployed the application on Vercel for live access and demonstration.
